

## **China BAK Hosts Successful 10th Anniversary Event and Analyst Day in September 2011**

### **Launches New Products and a New Corporate Website**

SHENZHEN, China, Sept. 29, 2011 /PRNewswire-Asia/ -- China BAK Battery, Inc. ("China BAK" or the "Company") (NASDAQ: CBAK), a leading global manufacturer of lithium-based battery cells, held an investor event in Shenzhen and Tianjin and celebrated the Company's 10<sup>th</sup> anniversary in September 2011.

At China BAK's investor event, management discussed the Company's operations, market opportunities, financial performance, and long-term growth strategy, in conjunction with hosting a tour of its facilities. The investor event was held at the Company's headquarters in Shenzhen on September 13, 2011 and at its Tianjin facility on September 16 and September 19, 2011 and was attended by the investment community and media professionals.

China BAK celebrated its 10<sup>th</sup> Anniversary on September 23, 2011 with the theme "New Power – New Start" and at this event the Company announced the production launch of its first single battery with a capacity of 100Ah for use in Electric Vehicles (EVs). The Company's new single battery is a result of the Company's research efforts utilizing advanced materials and technology to address the challenging technical problems associated with the internal high temperature conditions of a battery. The Company's battery module with a capacity of 100Ah consists of a number of 18650 cells, and is based on module standardization, adopting the mature 18650 cell technology and American modular techniques. The Company believes this battery module design is highly suitable to EV demands given its stable performance. China BAK will manufacture its new single battery and battery module products at its Shenzhen facility.

China BAK also launched a new corporate and investor relations website on September 23, 2011 to strengthen its communications with investors, customers and business partners. The new website provides key information on China BAK, including corporate history, industry and product information, corporate news, investor information, SEC filings, investor presentations, a corporate profile, and press releases.

"At China BAK, we are thankful for the continued support from our employees, government, customers, suppliers and all our shareholders. We believe our high-power battery solutions will enable the Company to play an important role in the rapidly growing new energy industry," commented Mr. Xiangqian Li, CEO of China BAK. "We also believe our new corporate web site will enhance our communications with investors and customers, enabling our stockholders to better understand our business and growth strategy."
