China BAK to Attend the 2nd China International Smart Grid Technology and Equipment Exhibition

SHENZHEN, China, April 16, 2012 /PRNewswire-Asia/ -- China BAK Battery, Inc. ('China BAK" or the "Company") (NASDAQ: CBAK), a leading global manufacturer of lithium-based battery cells, today announced that the Company's management team will attend the 2nd China International Smart Grid Technology and Equipment Exhibition to be held in Shanghai, China, from May 9-11, 2012.

China BAK will exhibit its energy-storage power solutions for use in solar power stations, wind power stations, smart grids, household energy storage, standby batteries in mobile communication base stations, and uninterruptible power supplies. The Company's energy-storage power solution consists of a number of cells based on mature 18650 cell technology and is based on module standardization and techniques. For more information regarding the 2nd China International Smart Grid Technology and Equipment Exhibition, please visit http://www.smartgridtec-china.com.

"We are looking forward to the opportunity to showcase our products at one of the largest power grid construction exhibitions, which is a high potential end market in the new energy industry," commented Mr. Xiangqian Li, CEO of China BAK. "We believe this exhibition provides an attractive platform to demonstrate our product portfolio and R&D achievements to the attendees. We believe our potential customers in the energy-storage power segment will have a better understanding of our products and R&D capabilities, enhancing our visibility in the industry and further expanding our end market."

About China BAK Battery, Inc.

China BAK Battery, Inc. (NASDAQ: CBAK) is a leading global manufacturer of lithium-based battery cells. The Company produces battery cells that are the principal component of rechargeable batteries commonly used in cellular phones, smartphones, notebook computers, e-bikes, electric vehicles, power tools, uninterruptible power supplies, and portable consumer electronics such as portable media players, portable gaming devices, personal digital assistants, or PDAs, camcorders, digital cameras, and Bluetooth headsets. China BAK Battery, Inc.'s production facilities, located in Shenzhen and Tianjin cover over three million square feet.
